

**6th CARPE Conference „Strengthening Partnerships“
27- 29 October 2021, University of Debrecen**

Wednesday, 27 October / 15.00 – 17.30 (CET)

Title: „CARPE Teacher Hub“

Subtitle: „Building a European teaching and learning network“

Introduction:

The CARPE Teacher Hub started some years ago to strengthen relations between the CARPE partners concerning educational practices and collaboration. During several CARPE meetings, Teacher Hub sessions connected teachers and pedagogical practices from the different universities.

Now that we’re reinventing higher education in a (soon to be) post-pandemic world, we want to revitalize the Teacher Hub network and redefine what is needed within the CARPE Teacher Hub to connect people, exchange ideas and practices and have students and staff collaborate between our institutions.

Aim of the session is:

- To discuss the role of the Teacher Hub within the CARPE network
- To discuss the opportunities that Teacher Hub can offer for capacity building, knowledge exchange and collaboration for teaching staff and students between our universities
- To develop a practical approach to embed Teacher Hub within our universities and to better connect staff and students in a hybrid world

Agenda (15.00 – 17.30h)

- Welcome and short introduction
(Sanna Simola, TUAS)
- Teacher Hub @home : opportunities for embedding Teacher Hub within our universities
(Frederique de Jong, HU)
- Teacher Hub and CARPE : discussing common themes where Teacher Hub can connect
(Katriina Vesanen, TUAS)
- Building a network: how to organize the collaboration and follow up on the conference
(Erik Mooij, HU)
